

Dear _____,

I am a graduate of the University of Texas at San Antonio with a Bachelor's degree in Psychology and am currently pursuing a Master's degree in Clinical Mental Health Counseling. I am excited about the opportunity to gain additional experience in the counseling field and to apply the knowledge and skills I have developed through my education and professional experiences. I would be honored to be considered for a practicum or internship position with your organization. I believe my educational background, work experience, communication skills, and passion for helping others will allow me to contribute positively to your team while continuing to grow as a developing counselor.

My professional experiences have shaped and strengthened my ability to communicate effectively, build rapport, and establish meaningful relationships with clients from diverse backgrounds. In my role at the Boys and Girls Club at San Antonio, I developed a strong foundation in building rapport with clients through therapy. This experience allowed me to develop skills in assessment, intervention, communication, and individualized client support, which are valuable skills that can be applied to any counseling setting.

Additionally, during my Social Work internship at Northwest Vista College, I gained hands-on experience assisting individuals with daily living needs and supporting their integration into the community. Through this experience, I had the opportunity to build meaningful rapport with a diverse population and strengthen my ability to communicate with individuals from different cultural and personal backgrounds. These experiences reinforced the importance of cultural competence and the role it plays in providing ethical, respectful, and effective counseling services.

I am eager to continue developing my clinical skills and gaining experience working with clients in a professional counseling setting. I would be grateful for the opportunity to learn from experienced professionals while contributing my knowledge, dedication, and passion for the counseling profession. I would welcome the opportunity to meet with you to discuss potential practicum or internship opportunities and my qualifications. Thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

Ibelice Medina
